

## GUIDING LIGHT SOCIETY

Porchlight is the largest nonprofit provider of low-income housing in Dane County. For the past 30 years, Porchlight has furthered its mission of decreasing homelessness by steadily increasing its housing stock. As of 2019, Porchlight owns and operates 338 units across 26 sites. While we continue to provide essential shelter and support services for our guests and residents, **affordable housing is the foundation of what we do.**

Please consider making a multi-year commitment to Porchlight by joining our **Guiding Light Society**. To fulfill our mission, we need your help to build, acquire, and repair our growing housing stock. Society members make a significant impact on the families and individuals we serve each year. Guiding Light Society members are recognized at Porchlight's Annual Dinner, in our Annual Report, and on our website's **Donor Recognition** page.

### Luminaries [Fritz Grutzner House of Hope]
