

Porchlight to Host Virtual Fundraiser While Persevering Through the Pandemic

The pandemic **keeps going** and so do Porchlight's services

Porchlight is **still** providing health screenings to over 120 men each night in our emergency shelter

Porchlight is **still** providing stable housing to our residents who are out of work

Porchlight is **still** providing job training to those with disabilities

Tune in to our virtual Annual Recognition Celebration on November 9th and with your help, we can continue to provide for those who need us
